**New Talent Boosts Water and Wastewater Engineering Services in Western PA**

*Pittsburgh, PA* - Entech Engineering, Inc. (Entech) is pleased to announce the recent hiring of Charles M. Maher, P.E. as a Senior Project Manager in our recently expanded Pittsburgh office.

Charles brings 20+ years of experience in water, wastewater, and stormwater engineering with expertise and technical knowledge of both the design and construction of water and wastewater infrastructure. At Entech, Charles is dedicated to the successful execution of projects, client management, staff development, and service advancement.

“Charles is a key addition to our team. He brings diverse project experience and builds upon the water, wastewater, and stormwater engineering talent in our Pittsburgh office. His presence further reinforces our ability to serve and represent clients not only in western Pennsylvania, but throughout the state,” shared Rob Horvat, P.E., Regional Office Manager.

**About Charles Maher, PE:**

A registered professional engineer in Pennsylvania, Charles earned a Masters in Environmental Engineering from Tufts University and his undergraduate degree from the University of Pittsburgh. He is an active member of the Western Pennsylvania Water Pollution Control Association. Charles and his wife are avid hikers who enjoy the outdoors. When not reveling in nature, Charles can be found in the kitchen working on his culinary skills.
