Boggs Elected PSPE Reading's President

Reading, PA - Entech Engineering, Inc. (Entech) is pleased to announce that Matthew Boggs, PE has been elected as the Pennsylvania Society of Professional Engineers (PSPE) Reading/Berks Chapter President.

Matt has been actively involved in PSPE Reading's organization for many years now. Matt's primary role as president will be to ensure that state-wide PSPE initiatives are implemented in the Reading/Berks County area. Matt will oversee all committees that are currently focused on working to advance STEM (Science, Technology, Engineering, & Mathematics) programs for students and professional development/CECs (Continuing Education Credits) for professional engineers.

Upon news of Matt's appointment, Entech's Executive Vice President, Robert Weir, PE, said:

"This is great news. Matt has taken the lead on many PSPE initiatives over the years, it shows that he has earned their full confidence, as he's earned mine with his high-quality work and dedication over the years. Congratulations!"
