**Entech Makes Greater Reading Chamber Alliance's (GRCA's) Top 50 List of Fastest Growing Companies**

Reading, PA - Entech Engineering, Inc. (Entech) was recently named to the Greater Reading Chamber Alliance's Top 50 Business list for 2021. The list was announced in the Reading Eagle on September 7. Entech was pleased to place at #16.

Companies, who are members of the Chamber, are chosen for consideration based on growth in revenue and size. These businesses are recognized for creating jobs and helping to grow the economy of the greater Reading area.

Entech has been featured on the list for three consecutive years.

On the news of this year's award, Entech President Jeff Euclide, PE commented,

*"We are excited and honored to be ranked #16 in the Greater Reading Chamber Alliance Top 50 Businesses in Berks County. Our employees did a phenomenal job during the pandemic."*

Nominees are evaluated using a proprietary formula that takes into consideration both dollar and percentage increases in revenue, leveling the playing field for smaller companies. This is the 16<sup>th</sup> year of recognizing and celebrating local business through the GRCA Business Awards. Each business on the list is vetted by an outside independent accounting firm. The ranking method analyses growth over a three-year period, with the greater weight placed on the most recent year.
